### PROFILE

Experienced System Administrator with a strong background in optimizing system performance and ensuring robust security. Proficient in C#, Bash, and Shell scripting, with a strong focus on system efficiency and infrastructure management. Adept at leveraging DevOps practices and cloud platforms such as Azure and AWS to streamline operations. Skilled in database management and familiar with game development fundamentals using Unity and Unreal Engine. Committed to delivering reliable system support, ensuring continuous uptime, and driving system resilience in dynamic environments.

### WORK EXPERIENCE

#### ShotCoder Tech

System Administrator

OCTOBER 2022 - MAY 2024

- Administered and optimized Linux/Unix and Windows systems, ensuring high availability and performance across environments.
- Implemented and maintained security protocols, including firewalls, VPNs, and routine audits to safeguard systems against threats.
- Managed cloud infrastructure on Azure and AWS, overseeing virtual machines, network setups, and security configurations.
- Provided comprehensive technical support, troubleshooting system issues, and ensuring minimal downtime for clients.

Word-Press Developer (Intern)

JULY 2022 - SEPTEMBER 2022

- Develop and maintain WordPress websites, ensuring optimal performance and user experience.
- Customize themes and plugins to meet specific project requirements.
- Collaborate with design and marketing teams to enhance website functionality and aesthetics.
- Stay updated with the latest WordPress trends and best practices.
